

Dear Dr. Henney,

I am writing to express my concern over the FDA's regulation of genetically engineered (GE) food. I request that the agency's current policies be changed, and I support all the points in docket #00P-1211\CP1

☒ All GE foods should be labeled so I am informed and have a choice. !!

☒ GE foods should not be assumed to be generally recognized as safe and should have mandatory pre-market safety testing !!

☒ There should be a moratorium on GE foods until long-term studies show they are safe for human health and the environment. !!
